DETAILED ACTION

1. The February 28, 2007 Amendment after Final has been entered. As previously noted from the May 22, 2007 Office Action, the November 20, 2006 Final rejection is vacated.
2. Applicant has cancelled claims 2, 3 and 5. Claims 12-18 remain withdrawn from consideration as drawn to a non-elected invention.

Claim Rejections - 35 USC § 112

3. Claims 1, 4, 6-11 and 19-24 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, lines 1, 4, 9 "pet death, or pet death related transactions" is not clear as to its meaning.

Claim 1, line 12 "regarding or order pet death" is not clear as to its meaning.

Claim 19, line 17 "regarding or ordering pet-related services" is not clear as to its meaning.

Claim 21, line "the Internet" lacks antecedent basis.

Claim 21, line 2 "the passing" lacks antecedent basis and is not clear as to its meaning.

Claim 21, lines 2-3 "related to commemorate the passing of a pet" is not clear as to its meaning.

Claim Rejections - 35 USC § 103

4. Claims 1, 4, 6-11 and 19-24, as understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over Mindrum US 7,222,120 in view of Official Notice.

Mindrum discloses, e.g. cols. 1-7, conducting an on-line transaction comprising providing at least on computer server, e.g. Fig. 2, for use on the world wide web, where users may be provided a unique identification in creating an account, e.g. cols. 5-7, lines 59-45, and charging a fee for the services. Mindrum does not disclose the phrase conducting pet death, or pet related transactions nor regarding or ordering pet-related services or related to commemorate the passing of a pet. However, as understood, these are common within the funeral art. It is noted that Mindrum may be used with pets, e.g. cols. 3-4, lines 66-13. Mindrum apparently does not disclose from its provisional application where member/user accounts are charged for use of a web site. Official notice is taken that charging a member/user account for use of a web site has been common knowledge in the electronic world wide web database art. To have provided conducting pet death, or pet related transactions or ordering pet-related services or related to commemorate the passing of a pet for Mindrum would have been obvious to one of ordinary skill in the art in view of this common knowledge. Further, to have provided charging a member/user account for use of a web site form Mindrum would have been obvious to one of ordinary skill in the art in view of Official Notice.

5. A further reference of interest is noted on the attached PTO-892.

6. In view of the Appeal Brief filed on September 21, 2006, PROSECUTION IS
HEREBY REOPENED.

To avoid abandonment of the application, appellant must exercise one of the
following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply
under 37 CFR 1.113 (if this Office action is final); or,

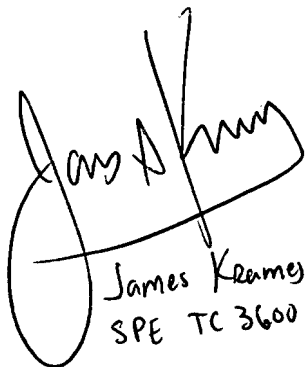

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed
by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and
appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth
in 37 CFR 41.20 have been increased since they were previously paid, then appellant
must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by
signing below.
